

Carole Marsh's

Map #1

Bird's Eye View™ Maps!

Louisiana Outline Map & Activity

ACTIVITY: Using an atlas, state travel map, or the map in your encyclopedia as a reference, draw in major geographical features in the state. Put a star by the name of the capital city! Also include major cities, interstates, large rivers or lakes, and major mountain ranges or mountains (or hills!) if any. Add your city or town, of course! Then, color your map.
